**Hudson Jet - Wikipedia**
The Hudson Jet is a compact automobile that was produced by the Hudson Motor Car Company of Detroit, Michigan, during the 1953 and 1954 model years. The Jet was the automaker's response to the popular Nash Rambler and the costs of developing and marketing the Jet ultimately led to Hudson's merger with Nash.

**(New images!) Looking for a new business jet in MSFS**
Jul 11, 2021 · Business jets are rare in Flight Simulator. In fact, besides the default choices, there's nothing out there worth mentioning. The Working Title CJ4 is a brilliant modification of the default aircraft, so good that simmers haven’t exactly been publicly craving for a new third-party small jet, but it’s always nice to have some options. And a new option seems to be emerging from the depths
